

## Instructions for the use of the lockers with the StudiCard

### Initialize the card:

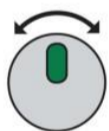

To initialize the StudiCard please hold it in front of the terminal shown below. Your card is initialized when 'Karte aktiviert' appears on the display.

### To use the locker:

To lock it: 

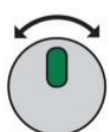

Choose a free lock box (the vertical position of the mark on the grip indicates the unused boxes),

Put your things in the box, close the door and hold your card in front of the card reader of the box.

Turn the grip in direction of closing

Please check, if the door is locked.

To unlock the box: 

Hold your card in front of the card reader of the box, the lock will unlock automatically. If the lock doesn't unlock automatically, turn the grip in direction of unlocking.

**To get the number of your locker:**

Please hold the Studicard in front of the terminal.

The display will indicate the number of the locker you occupied.
